JQuery UI

1-DateTimePicker

Date:

December 2017						
Su	Mo	Tu	We	Th	Fr	Sa
					1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30
31						

2- Tab

| My Tab	Nunc tincidunt	Proin dolor	Aenean lacinia

This is my own Tab :)

3- color Slider

7CD1C8

124 : 209 : 200
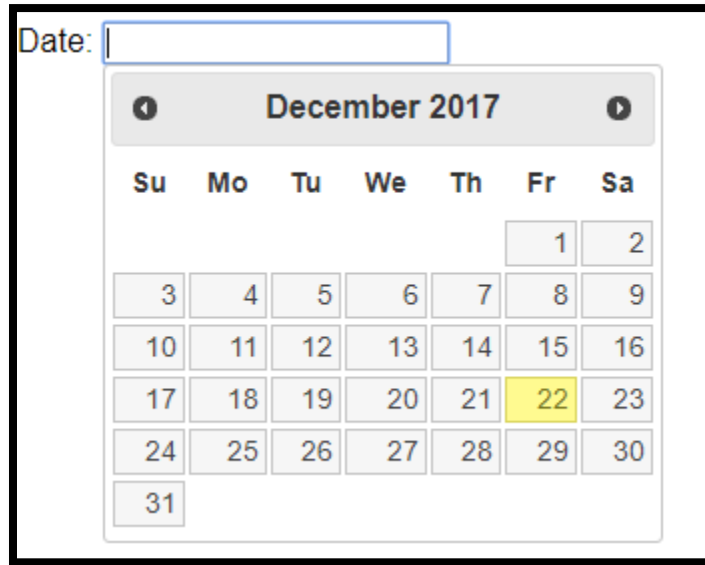

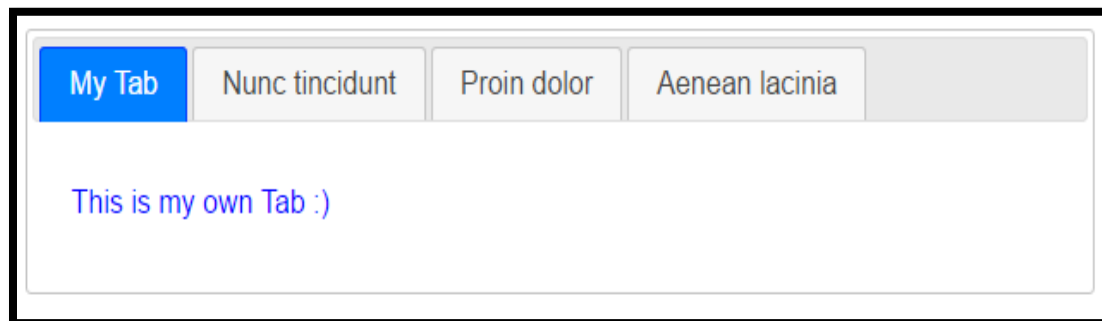

4- create your own jquery plugin and name the function (StyleAnimate) that takes css object as an input

Then apply css to calling jqueryObject and animate object position down,right,up and finally left to it's original position

BONUS (using animate +10 grades)
